

# Amazing Marker Projects

## Autumn Home Decor

### Supplies Provided in Kit

- Autumn Wood Round Sign
- Autumn Metal Words
- edding Gloss Paint Markers (3) Random Colors
- wood flowers (2)
- Kunin felt Leaves (4)

### Extra Supplies Needed

- Xyron Hot Glue (optional)

### Instructions

1. Paint your wood round with the edding Gloss Paint Markers with any colors you wish.
2. Color your metal frame with the edding Gloss Paint Markers in any color you wish.
3. Glue down the metal word to the wood round.
4. Glue down the 2 flowers and 4 leaves to the wood sign.

## Cutting Instructions (for Cricut)

1. Place felt colors and type of your choice liner side down onto FabricGrip Mat.
2. Select the “Leaves” SVG file into design space.
3. Size 2 large leaves to 2” x 1.8” and 2 small leaves to 1.5” x 1.4”
4. Place in the rotary blade in your machine
5. Select the Felt, Acrylic Fabric setting.
6. Load mat into the machine and press the flashing Go button.

## Dot Resist Ornament

## Supplies Used

- White Acrylic Ornament Blank
- edding Gloss Paint Markers (3) Random Colors
- StyleTech Craft Silver Craft Vinyl “joy”
- StyleTech Craft Transfer tape
- Gwen Studios Ribbon

## Extra Supplies Needed

- Weeding tool
- Felt Edge Squeegee
- scissors

## Instructions

1. Pull off the protective layer from the front and back of the ornament.
2. Weed out the sections of the silver vinyl leaving behind the words.
3. Apply transfer tape on top of the silver vinyl letters with the squeegee or your fingers, and pull up making sure all letters are stuck to the transfer tape.
4. Place the vinyl on the ornament in the center and use the squeegee to stick the vinyl to the ornament.
5. Pull off the transfer tape leaving the vinyl words on the ornament.
6. Pick out a couple of edding Gloss Paint Marker colors and add dots all around the words. Make sure the dots are thicker around the words and in all the loops of the words, and thinner around the edges of the ornament.
7. Let the ink dry completely.
8. Use the weeding tool to pick off the vinyl from the ornament.
9. Add ribbon to the top of the ornament.

## Cutting Instructions (for Cricut)

1. Place vinyl colors and type of your choice liner side down onto StandardGrip Mat.
2. Select the "JOY" SVG file into design space. You can leave the stars, or delete them, your choice.
3. Size JOY image to 2.7" wide by 1.6" tall and select "make it"
4. Select the vinyl setting for the type of vinyl you placed on your mat.
5. Load mat into the machine and press the flashing Go button.

## Elegant Christmas Tags

## Supplies Used

- edding Gloss Paint Markers (3) Random Colors
- Black Cardstock Tag (2.5" x 4.3")
- Red dot pattern paper (1" x 2.5")
- Kraft Star (2.2" x 2.1")
- Black Star (2.2" x 2.1") - this is extra to add if you wish
- Merry Christmas Sentiment (2.25" x 0.5")
- Gwen Studios Lace Ribbon
- Red Twine
- Xyron Sticker Maker

## Extra Supplies Needed

- scissors

## Instructions

1. Draw around the edges of the tag and the star to make an outline with the edding Metallic Gloss Marker. Draw in extra details as desired.
2. Cut the "Merry Christmas" sentiment to size, and run the edding Metallic Gloss Marker along the edges.
3. Glue down the red dot paper, then the star, then the sentiment as seen in the picture above with the Xyron Sticker Maker.
4. Add in the white lace ribbon through the top hole and tie a bow with the red twine at the top of the tag.
5. Add a "To" and "From" on the back of the tag if you wish with the edding Gloss Paint Marker.

## Cutting Instructions (for Cricut)

1. Place cardstock of your choice onto the Light Grip Mat.
2. Select the "Star Tag" SVG file into design space.
3. Size TAG image to 2.5" x 4.3", size STAR to 2.2" x 2.1", RECTANGLE to 1" x 2.5") and select "make it"
4. Select the vinyl setting for the type of vinyl you placed on your mat.
5. Load mat into the machine and press the flashing Go button.

## Print Instructions

1. Open PDF files for the STAR TAG (2 patterned paper files and 1 printable sentiment)
2. Print on quality paper on a color printer.
3. Use Paper to cut your tags with SVG files
4. Hand cut "Merry Christmas" sentiment with scissors or paper trimmer
